29.4 After issuing a replacement ballot paper for a spoilt ballot paper, the returning officer shall enter in a list (“the list of spoilt ballot papers”):

(a) the name of the voter, and

(b) the details of the unique identifier of the spoilt ballot paper (if that officer was able to obtain it), and

(c) the details of the unique identifier of the replacement ballot paper.

29.5 If a voter has dealt with his or her text message vote in such a manner that it cannot be accepted as a vote (referred to as a “spoilt text message vote”), that voter may apply to the returning officer for a replacement voter ID number.

29.6 On receiving an application, the returning officer is to obtain the details of the voter ID number on the spoilt text message vote, if he or she can obtain it.

29.7 The returning officer may not issue a replacement voter ID number in respect of a spoilt text message vote unless he or she is satisfied as to the voter's identity.

29.8 After issuing a replacement voter ID number in respect of a spoilt text message vote, the returning officer shall enter in a list (“the list of spoilt text message votes”):

(a) the name of the voter, and

(b) the details of the voter ID number on the spoilt text message vote (if that officer was able to obtain it), and

(c) the details of the replacement voter ID number issued to the voter.

30. **Lost voting information**

30.1 Where a voter has not received his or her voting information by the tenth day before the close of the poll, that voter may apply to the returning officer for replacement voting information.

30.2 The returning officer may not issue replacement voting information in respect of lost voting information unless he or she:

(a) is satisfied as to the voter’s identity,

(b) has no reason to doubt that the voter did not receive the original voting information,

(c) has ensured that no declaration of identity, if required, has been returned.

30.3 After issuing replacement voting information in respect of lost voting information, the returning officer shall enter in a list (“the list of lost ballot documents”):

(a) the name of the voter

(b) the details of the unique identifier of the replacement ballot paper, if applicable, and

(c) the voter ID number of the voter.
31. **Issue of replacement voting information**

31.1 If a person applies for replacement voting information under rule 29 or 30 and a declaration of identity has already been received by the returning officer in the name of that voter, the returning officer may not issue replacement voting information unless, in addition to the requirements imposed by rule 29.3 or 30.2, he or she is also satisfied that that person has not already voted in the election, notwithstanding the fact that a declaration of identity if required has already been received by the returning officer in the name of that voter.

31.2 After issuing replacement voting information under this rule, the returning officer shall enter in a list ("the list of tendered voting information"):  
(a) the name of the voter,
(b) the unique identifier of any replacement ballot paper issued under this rule;
(c) the voter ID number of the voter.

32. **ID declaration form for replacement ballot papers (public and patient constituencies)**

32.1 In respect of an election for a public or patient constituency an ID declaration form must be issued with each replacement ballot paper requiring the voter to make a declaration of identity.

*Polling by internet, telephone or text*

33. **Procedure for remote voting by internet**

33.1 To cast his or her vote using the internet, a voter will need to gain access to the polling website by keying in the url of the polling website provided in the voting information.

33.2 When prompted to do so, the voter will need to enter his or her voter ID number.

33.3 If the internet voting system authenticates the voter ID number, the system will give the voter access to the polling website for the election in which the voter is eligible to vote.

33.4 To cast his or her vote, the voter will need to key in a mark on the screen opposite the particulars of the candidate or candidates for whom he or she wishes to cast his or her vote.

33.5 The voter will not be able to access the internet voting system for an election once his or her vote at that election has been cast.

34. **Voting procedure for remote voting by telephone**

34.1 To cast his or her vote by telephone, the voter will need to gain access to the telephone voting facility by calling the designated telephone number provided in the voter information using a telephone with a touch-tone keypad.

34.2 When prompted to do so, the voter will need to enter his or her voter ID number using the keypad.

34.3 If the telephone voting facility authenticates the voter ID number, the voter will be
prompted to vote in the election.

34.4 When prompted to do so the voter may then cast his or her vote by keying in the numerical voting code of the candidate or candidates, for whom he or she wishes to vote.

34.5 The voter will not be able to access the telephone voting facility for an election once his or her vote at that election has been cast.

35. **Voting procedure for remote voting by text message**

35.1 To cast his or her vote by text message the voter will need to gain access to the text message voting facility by sending a text message to the designated telephone number or telephone short code provided in the voter information.

35.2 The text message sent by the voter must contain his or her voter ID number and the numerical voting code for the candidate or candidates, for whom he or she wishes to vote.

35.3 The text message sent by the voter will need to be structured in accordance with the instructions on how to vote contained in the voter information, otherwise the vote will not be cast.

**Procedure for receipt of envelopes, internet votes, telephone votes and text message votes**

36. **Receipt of voting documents**

36.1 Where the returning officer receives:

(a) a covering envelope, or

(b) any other envelope containing an ID declaration form if required, a ballot paper envelope, or a ballot paper,

before the close of the poll, that officer is to open it as soon as is practicable; and rules 37 and 38 are to apply.

36.2 The returning officer may open any covering envelope or any ballot paper envelope for the purposes of rules 37 and 38, but must make arrangements to ensure that no person obtains or communicates information as to:

(a) the candidate for whom a voter has voted, or

(b) the unique identifier on a ballot paper.

36.3 The returning officer must make arrangements to ensure the safety and security of the ballot papers and other documents.

37. **Validity of votes**

37.1 A ballot paper shall not be taken to be duly returned unless the returning officer is satisfied that it has been received by the returning officer before the close of the poll, with an ID declaration form if required that has been correctly completed, signed and dated.

37.2 Where the returning officer is satisfied that rule 37.1 has been fulfilled, he or she is to:

(a) put the ID declaration form if required in a separate packet, and

(b) put the ballot paper aside for counting after the close of the poll.
37.3 Where the returning officer is not satisfied that rule 37.1 has been fulfilled, he or she is to:

(a) mark the ballot paper “disqualified”,
(b) if there is an ID declaration form accompanying the ballot paper, mark it “disqualified” and attach it to the ballot paper,
(c) record the unique identifier on the ballot paper in a list of disqualified documents (the “list of disqualified documents”); and
(d) place the document or documents in a separate packet.

37.4 An internet, telephone or text message vote shall not be taken to be duly returned unless the returning officer is satisfied that the internet voting record, telephone voting record or text voting record (as applicable) has been received by the returning officer before the close of the poll, with a declaration of identity if required that has been correctly made.

37.5 Where the returning officer is satisfied that rule 37.4 has been fulfilled, he or she is to put the internet voting record, telephone voting record or text voting record (as applicable) aside for counting after the close of the poll.

37.6 Where the returning officer is not satisfied that rule 37.4 has been fulfilled, he or she is to:

(a) mark the internet voting record, telephone voting record or text voting record (as applicable) “disqualified”,
(b) record the voter ID number on the internet voting record, telephone voting record or text voting record (as applicable) in the list of disqualified documents; and
(c) place the document or documents in a separate packet.

38. Declaration of identity but no ballot paper (public and patient constituency)

38.1 Where the returning officer receives an ID declaration form if required but no ballot paper, the returning officer is to:

(a) mark the ID declaration form “disqualified”,
(b) record the name of the voter in the list of disqualified documents, indicating that a declaration of identity was received from the voter without a ballot paper, and
(c) place the ID declaration form in a separate packet.

39. De-duplication of votes

39.1 Where different methods of polling are being used in an election, the returning officer shall examine all votes cast to ascertain if a voter ID number has been used more than once to cast a vote in the election.

39.2 If the returning officer ascertains that a voter ID number has been used more than once to cast a vote in the election he or she shall:

(a) only accept as duly returned the first vote received that was cast using the relevant

1 It should not be possible, technically, to make a declaration of identity electronically without also submitting a vote.
voter ID number; and
(b) mark as "disqualified" all other votes that were cast using the relevant voter ID number.

39.3 Where a ballot paper is disqualified under this rule the returning officer shall:

(a) mark the ballot paper "disqualified",
(b) if there is an ID declaration form accompanying the ballot paper, mark it "disqualified" and attach it to the ballot paper,
(c) record the unique identifier and the voter ID number on the ballot paper in the list of disqualified documents;
(d) place the document or documents in a separate packet; and
(e) disregard the ballot paper when counting the votes in accordance with these rules.

39.4 Where an internet voting record, telephone voting record or text voting record is disqualified under this rule the returning officer shall:

(a) mark the internet voting record, telephone voting record or text voting record (as applicable) "disqualified",
(b) record the voter ID number on the internet voting record, telephone voting record or text voting record (as applicable) in the list of disqualified documents;
(c) place the internet voting record, telephone voting record or text voting record (as applicable) in a separate packet, and
(d) disregard the internet voting record, telephone voting record or text voting record (as applicable) when counting the votes in accordance with these rules.

40. Sealing of packets

40.1 As soon as is possible after the close of the poll and after the completion of the procedure under rules 37 and 38, the returning officer is to seal the packets containing:

(a) the disqualified documents, together with the list of disqualified documents inside it,
(b) the ID declaration forms, if required,
(c) the list of spoilt ballot papers and the list of spoilt text message votes,
(d) the list of lost ballot documents,
(e) the list of eligible voters, and
(f) the list of tendered voting information and ensure that complete electronic copies of the internet voting records, telephone voting records and text voting records created in accordance with rule 26 are held in a device suitable for the purpose of storage.
STV41. Interpretation of Part 6

In Part 6 of these rules:

“ballot document” means a ballot paper, internet voting record, telephone voting record or text voting record.

“continuing candidate” means any candidate not deemed to be elected, and not excluded,

“count” means all the operations involved in counting of the first preferences recorded for candidates, the transfer of the surpluses of elected candidates, and the transfer of the votes of the excluded candidates,

“deemed to be elected” means deemed to be elected for the purposes of counting of votes but without prejudice to the declaration of the result of the poll,

“mark” means a figure, an identifiable written word, or a mark such as “X”,

or

(b) which is excluded by the returning officer under rule STV49,

“preference” as used in the following contexts has the meaning assigned below:

(a) “first preference” means the figure “1” or any mark or word which clearly indicates a first (or only) preference,

(b) “next available preference” means a preference which is the second, or as the case may be, subsequent preference recorded in consecutive order for a continuing candidate (any candidate who is deemed to be elected or is excluded thereby being ignored); and

(c) in this context, a “second preference” is shown by the figure “2” or any mark or word which clearly indicates a second preference, and a third preference by the figure “3” or any mark or word which clearly indicates a third preference, and so on,

“quota” means the number calculated in accordance with rule STV46,

“surplus” means the number of votes by which the total number of votes for any candidate (whether first preference or transferred votes, or a combination of both) exceeds the quota; but references in these rules to the transfer of the surplus means the transfer (at a transfer value) of all transferable ballot documents from the candidate who has the
surplus, “stage of the count” means:

(a) the determination of the first preference vote of each candidate,
(b) the transfer of a surplus of a candidate deemed to be elected, or
(c) the exclusion of one or more candidates at any given time,

“transferable vote” means a ballot document on which, following a first preference, a second or subsequent preference is recorded in consecutive numerical order for a continuing candidate,

“transferred vote” means a vote derived from a ballot document on which a second or subsequent preference is recorded for the candidate to whom that ballot document has been transferred, and

“transfer value” means the value of a transferred vote calculated in accordance with rules STV47.4 or STV47.7.

42. Arrangements for counting of the votes

42.1 The returning officer is to make arrangements for counting the votes as soon as is practicable after the close of the poll.

42.2 The returning officer may make arrangements for any votes to be counted using vote counting software where:

(a) the board of directors and the council of governors of the corporation have approved:
   (i) the use of such software for the purpose of counting votes in the relevant election, and
   (ii) a policy governing the use of such software, and
(b) the corporation and the returning officer are satisfied that the use of such software will produce an accurate result.

43. The count

43.1 The returning officer is to:

(a) count and record the number of:
   (iii) ballot papers that have been returned; and
   (iv) the number of internet voting records, telephone voting records and/or text voting records that have been created, and

(b) count the votes according to the provisions in this Part of the rules and/or the provisions of any policy approved pursuant to rule 42.2(ii) where vote counting software is being used.

43.2 The returning officer, while counting and recording the number of ballot papers, internet voting records, telephone voting records and/or text voting records and counting the votes, must make arrangements to ensure that no person obtains or communicates information as to the unique identifier on a ballot paper or the voter ID number on an
internet voting record, telephone voting record or text voting record.

43.3 The returning officer is to proceed continuously with counting the votes as far as is practicable.

**STV44. Rejected ballot papers and rejected text voting records**

**STV44.1** Any ballot paper:

(a) which does not bear the features that have been incorporated into the other ballot papers to prevent them from being reproduced,

(b) on which the figure “1” standing alone is not placed so as to indicate a first preference for any candidate,

(c) on which anything is written or marked by which the voter can be identified except the unique identifier, or

(d) which is unmarked or rejected because of uncertainty,

shall be rejected and not counted, but the ballot paper shall not be rejected by reason only of carrying the words “one”, “two”, “three” and so on, or any other mark instead of a figure if, in the opinion of the returning officer, the word or mark clearly indicates a preference or preferences.

**STV44.2** The returning officer is to endorse the word “rejected” on any ballot paper which under this rule is not to be counted.

**STV44.3** Any text voting record:

(a) on which the figure “1” standing alone is not placed so as to indicate a first preference for any candidate,

(b) on which anything is written or marked by which the voter can be identified except the unique identifier, or

(c) which is unmarked or rejected because of uncertainty,

shall be rejected and not counted, but the text voting record shall not be rejected by reason only of carrying the words “one”, “two”, “three” and so on, or any other mark instead of a figure if, in the opinion of the returning officer, the word or mark clearly indicates a preference or preferences.

**STV44.4** The returning officer is to endorse the word “rejected” on any text voting record which under this rule is not to be counted.

**STV44.5** The returning officer is to draw up a statement showing the number of ballot papers rejected by him or her under each of the subparagraphs (a) to (d) of rule STV44.1 and the number of text voting records rejected by him or her under each of the sub-paragraphs (a) to (c) of rule STV44.3.
FPP44. Rejected ballot papers and rejected text voting records

FPP44.1 Any ballot paper:
   (a) which does not bear the features that have been incorporated into the other ballot papers to prevent them from being reproduced,
   (b) on which votes are given for more candidates than the voter is entitled to vote,
   (c) on which anything is written or marked by which the voter can be identified except the unique identifier, or
   (d) which is unmarked or rejected because of uncertainty,

shall, subject to rules FPP44.2 and FPP44.3, be rejected and not counted.

FPP44.2 Where the voter is entitled to vote for more than one candidate, a ballot paper is not to be rejected because of uncertainty in respect of any vote where no uncertainty arises, and that vote is to be counted.

FPP44.3 A ballot paper on which a vote is marked:
   (a) elsewhere than in the proper place,
   (b) otherwise than by means of a clear mark,
   (c) by more than one mark,

is not to be rejected for such reason (either wholly or in respect of that vote) if an intention that the vote shall be for one or other of the candidates clearly appears, and the way the paper is marked does not itself identify the voter and it is not shown that he or she can be identified by it.

FPP44.4 The returning officer is to:
   (a) endorse the word “rejected” on any ballot paper which under this rule is not to be counted, and
   (b) in the case of a ballot paper on which any vote is counted under rules FPP44.2 and FPP 44.3, endorse the words “rejected in part” on the ballot paper and indicate which vote or votes have been counted.

FPP44.5 The returning officer is to draw up a statement showing the number of rejected ballot papers under the following headings:
   (a) does not bear proper features that have been incorporated into the ballot paper,
   (b) voting for more candidates than the voter is entitled to,
   (c) writing or mark by which voter could be identified, and
   (d) unmarked or rejected because of uncertainty,

and, where applicable, each heading must record the number of ballot papers rejected in part.

FPP44.6 Any text voting record:
   (a) on which votes are given for more candidates than the voter is entitled to vote,
(b) on which anything is written or marked by which the voter can be identified except
the voter ID number, or
(c) which is unmarked or rejected because of uncertainty,

shall, subject to rules FPP44.7 and FPP44.8, be rejected and not counted.

FPP44.7 Where the voter is entitled to vote for more than one candidate, a text voting record is not
to be rejected because of uncertainty in respect of any vote where no uncertainty arises,
and that vote is to be counted.

FPP44.8 A text voting record on which a vote is marked:

(a) otherwise than by means of a clear mark,
(b) by more than one mark,

is not to be rejected for such reason (either wholly or in respect of that vote) if an intention
that the vote shall be for one or other of the candidates clearly appears, and the way the
text voting record is marked does not itself identify the voter and it is not shown that he or
she can be identified by it.

FPP44.9 The returning officer is to:

(a) endorse the word “rejected” on any text voting record which under this rule is not to
be counted, and
(b) in the case of a text voting record on which any vote is counted under rules
FPP44.7 and FPP 44.8, endorse the words “rejected in part” on the text voting
record and indicate which vote or votes have been counted.

FPP44.10 The returning officer is to draw up a statement showing the number of rejected text voting
records under the following headings:

(a) voting for more candidates than the voter is entitled to,
(b) writing or mark by which voter could be identified, and
(c) unmarked or rejected because of uncertainty,

and, where applicable, each heading must record the number of text voting records
rejected in part.

STV45. First stage

STV45.1 The returning officer is to sort the ballot documents into parcels according to the
candidates for whom the first preference votes are given.

STV45.2 The returning officer is to then count the number of first preference votes given on ballot
documents for each candidate, and is to record those numbers.

STV45.3 The returning officer is to also ascertain and record the number of valid ballot documents.

STV46. The quota

STV46.1 The returning officer is to divide the number of valid ballot documents by a number
exceeding by one the number of members to be elected.
STV46.2 The result, increased by one, of the division under rule STV46.1 (any fraction being disregarded) shall be the number of votes sufficient to secure the election of a candidate (in these rules referred to as “the quota”).

STV46.3 At any stage of the count a candidate whose total votes equals or exceeds the quota shall be deemed to be elected, except that any election where there is only one vacancy a candidate shall not be deemed to be elected until the procedure set out in rules STV47.1 to STV47.3 has been complied with.

**STV47. Transfer of votes**

STV47.1 Where the number of first preference votes for any candidate exceeds the quota, the returning officer is to sort all the ballot documents on which first preference votes are given for that candidate into sub-parcels so that they are grouped:

(a) according to next available preference given on those ballot documents for any continuing candidate, or

(b) where no such preference is given, as the sub-parcel of non-transferable votes.

STV47.2 The returning officer is to count the number of ballot documents in each parcel referred to in rule STV47.1.

STV47.3 The returning officer is, in accordance with this rule and rule STV48, to transfer each sub-parcel of ballot documents referred to in rule STV47.1(a) to the candidate for whom the next available preference is given on those ballot documents.

STV47.4 The vote on each ballot document transferred under rule STV47.3 shall be at a value (“the transfer value”) which:

(a) reduces the value of each vote transferred so that the total value of all such votes does not exceed the surplus, and

(b) is calculated by dividing the surplus of the candidate from whom the votes are being transferred by the total number of the ballot documents on which those votes are given, the calculation being made to two decimal places (ignoring the remainder if any).

STV47.5 Where at the end of any stage of the count involving the transfer of ballot documents, the number of votes for any candidate exceeds the quota, the returning officer is to sort the ballot documents in the sub-parcel of transferred votes which was last received by that candidate into separate sub-parcels so that they are grouped:

(a) according to the next available preference given on those ballot documents for any continuing candidate, or

(b) where no such preference is given, as the sub-parcel of non-transferable votes.

STV47.6 The returning officer is, in accordance with this rule and rule STV48, to transfer each sub-parcel of ballot documents referred to in rule STV47.5(a) to the candidate for whom the next available preference is given on those ballot documents.

STV47.7 The vote on each ballot document transferred under rule STV47.6 shall be at:

(a) a transfer value calculated as set out in rule STV47.4(b), or
(b) at the value at which that vote was received by the candidate from whom it is now being transferred,

whichever is the less.

STV47.8 Each transfer of a surplus constitutes a stage in the count.

STV47.9 Subject to rule STV47.10, the returning officer shall proceed to transfer transferable ballot documents until no candidate who is deemed to be elected has a surplus or all the vacancies have been filled.

STV47.10 Transferable ballot documents shall not be liable to be transferred where any surplus or surpluses which, at a particular stage of the count, have not already been transferred, are:

(a) less than the difference between the total vote then credited to the continuing candidate with the lowest recorded vote and the vote of the candidate with the next lowest recorded vote, or

(b) less than the difference between the total votes of the two or more continuing candidates, credited at that stage of the count with the lowest recorded total numbers of votes and the candidate next above such candidates.

STV47.11 This rule does not apply at an election where there is only one vacancy.

STV48. Supplementary provisions on transfer

STV48.1 If, at any stage of the count, two or more candidates have surpluses, the transferable ballot documents of the candidate with the highest surplus shall be transferred first, and if:

(a) The surpluses determined in respect of two or more candidates are equal, the transferable ballot documents of the candidate who had the highest recorded vote at the earliest preceding stage at which they had unequal votes shall be transferred first, and

(b) the votes credited to two or more candidates were equal at all stages of the count, the returning officer shall decide between those candidates by lot, and the transferable ballot documents of the candidate on whom the lot falls shall be transferred first.

STV48.2 The returning officer shall, on each transfer of transferable ballot documents under rule STV47:

(a) record the total value of the votes transferred to each candidate,

(b) add that value to the previous total of votes recorded for each candidate and record the new total,

(c) record as non-transferable votes the difference between the surplus and the total transfer value of the transferred votes and add that difference to the previously recorded total of non-transferable votes, and

(d) compare:

(i) the total number of votes then recorded for all of the candidates, together with the total number of non-transferable votes, with

(ii) the recorded total of valid first preference votes.
STV48.3 All ballot documents transferred under rule STV47 or STV49 shall be clearly marked, either individually or as a sub-parcel, so as to indicate the transfer value recorded at that time to each vote on that ballot document or, as the case may be, all the ballot documents in that sub-parcel.

STV48.4 Where a ballot document is so marked that it is unclear to the returning officer at any stage of the count under rule STV47 or STV49 for which candidate the next preference is recorded, the returning officer shall treat any vote on that ballot document as a non-transferable vote; and votes on a ballot document shall be so treated where, for example, the names of two or more candidates (whether continuing candidates or not) are so marked that, in the opinion of the returning officer, the same order of preference is indicated or the numerical sequence is broken.

STV49. Exclusion of candidates

STV49.1 If:

(a) all transferable ballot documents which under the provisions of rule STV47 (including that rule as applied by rule STV49.11) and this rule are required to be transferred, have been transferred, and

(b) subject to rule STV50, one or more vacancies remain to be filled,

the returning officer shall exclude from the election at that stage the candidate with the then lowest vote (or, where rule STV49.12 applies, the candidates with the then lowest votes).

STV9.2 The returning officer shall sort all the ballot documents on which first preference votes are given for the candidate or candidates excluded under rule STV49.1 into two sub-parcels so that they are grouped as:

(a) ballot documents on which a next available preference is given, and

(b) ballot documents on which no such preference is given (thereby including ballot documents on which preferences are given only for candidates who are deemed to be elected or are excluded).

STV49.3 The returning officer shall, in accordance with this rule and rule STV48, transfer each sub-parcel of ballot documents referred to in rule STV49.2 to the candidate for whom the next available preference is given on those ballot documents.

STV49.4 The exclusion of a candidate, or of two or more candidates together, constitutes a further stage of the count.

STV49.5 If, subject to rule STV50, one or more vacancies still remain to be filled, the returning officer shall then sort the transferable ballot documents, if any, which had been transferred to any candidate excluded under rule STV49.1 into sub-parcels according to their transfer value.

STV49.6 The returning officer shall transfer those ballot documents in the sub-parcel of transferable ballot documents with the highest transfer value to the continuing candidates in accordance with the next available preferences given on those ballot documents (thereby passing over candidates who are deemed to be elected or are excluded).

STV49.7 The vote on each transferable ballot document transferred under rule STV49.6 shall be at the value at which that vote was received by the candidate excluded under rule STV49.1.
Any ballot documents on which no next available preferences have been expressed shall be set aside as non-transferable votes.

After the returning officer has completed the transfer of the ballot documents in the sub-parcel of ballot documents with the highest transfer value he or she shall proceed to transfer in the same way the sub-parcel of ballot documents with the next highest value and so on until he has dealt with each sub-parcel of a candidate excluded under rule STV49.1.

The returning officer shall after each stage of the count completed under this rule:

(a) record:
   (i) the total value of votes, or
   (ii) the total transfer value of votes transferred to each candidate,
(b) add that total to the previous total of votes recorded for each candidate and record the new total,
(c) record the value of non-transferable votes and add that value to the previous non-transferable votes total, and
(d) compare:
   (i) the total number of votes then recorded for each candidate together with the total number of non-transferable votes, with
   (ii) the recorded total of valid first preference votes.

If after a transfer of votes under any provision of this rule, a candidate has a surplus, that surplus shall be dealt with in accordance with rules STV47.5 to STV47.10 and rule STV48.

Where the total of the votes of the two or more lowest candidates, together with any surpluses not transferred, is less than the number of votes credited to the next lowest candidate, the returning officer shall in one operation exclude such two or more candidates.

If when a candidate has to be excluded under this rule, two or more candidates each have the same number of votes and are lowest:

(a) regard shall be had to the total number of votes credited to those candidates at the earliest stage of the count at which they had an unequal number of votes and the candidate with the lowest number of votes at that stage shall be excluded, and
(b) where the number of votes credited to those candidates was equal at all stages, the returning officer shall decide between the candidates by lot and the candidate on whom the lot falls shall be excluded.

Where the number of continuing candidates is equal to the number of vacancies remaining unfilled the continuing candidates shall thereupon be deemed to be elected.

Where only one vacancy remains unfilled and the votes of any one continuing candidate are equal to or greater than the total of votes credited to other continuing candidates together with any surplus not transferred, the candidate shall thereupon be deemed to be
Where the last vacancies can be filled under this rule, no further transfer of votes shall be made.

**STV51. Order of election of candidates**

**STV51.1** The order in which candidates whose votes equal or exceed the quota are deemed to be elected shall be the order in which their respective surpluses were transferred, or would have been transferred but for rule STV47.10.

**STV51.2** A candidate credited with a number of votes equal to, and not greater than, the quota shall, for the purposes of this rule, be regarded as having had the smallest surplus at the stage of the count at which he obtained the quota.
