

Schedule of Third Parties with Whom the Trust has a Duty of Co-operation

Monitor's NHS Foundation Trust Code of Governance¹ contains the following provision against which the Trust is required to self-assess its compliance annually and either 'comply or explain' within its Annual Report and Accounts:

E.2.1	The board should be clear as to the specific third party bodies in relation to which the NHS foundation trust has a duty to co-operate. The board of directors should be clear of the form and scope of the co-operation required with each of these third party bodies in order to discharge their statutory duties.
-------	---

This document lists the Trust's schedule of third party organisations with whom the Trust has a duty to cooperate. It is split into those with statutory enforcement powers over NHS Foundation Trusts, those with a statutory role but no enforcement powers over NHS foundation Trusts and those with a no statutory role but a legitimate interest.

Third parties with statutory enforcement powers over NHS Foundation Trusts
Care Quality Commission
Public Health England
NHS England
NHS Improvement
Human Fertilisation and Embryology Authority
Regulators of healthcare professions: General Dental Council General Medical Council General Optical Council Health and Care Professions Council Nursing & Midwifery Council General Pharmaceutical Council
The Charity Commission ²
